- 17.8 - spelling
- 17.15 - Is revision time for word usage of "a few hours" correct?
- 17.26 - Strontium and Barium calcimates and phosphates are very insoluble. Solubles are soluble.
- 17.41 - last sentence "At Bikini etc -" seems to be a non-sequiter. Perhaps it should be given expanded and given a separate par.
- 17.43 Is a word about presentation of information needed?
- 17.44 - Form of sentence questionable. I suggest -  
"Two general forms of --- are circumvented etc."  
"An understanding of both forms of liquids is essential to [redacted]"
- 17.57 - Some changes in punctuation needed.

Chapter 17 - continued

17.62 - Something left out at the end of the first line.

17.67 - Should this begin with "No" or "Four"?

17.69 - I like "over emphasized" and "under emphasized" rather than over-emphasized.

17.72 - line 6 - Should not this read X-Ray pictures or films?

17.82 - Item c - English?

17.83 - ~~Should~~ Should this be acute radiation exposure?

I think that a concluding paragraph is needed. The chapter ends too abruptly.
