1355th AEC 2. Proposed Action Regarding the Golden Rule (See minutes of Meeting 1352)
 Meeting 4/14/58
 000

During the discussion of the FY 1959 budget amendments and appeals, Mr. Strauss had reported on his telephone conversation with Mr. Quarles. Mr. Quarles had commented on a draft letter from the DOD to the AEC about the Commission's proposed action with respect to the Golden Rule, the ketch now sailing toward the Eniwetok Proving Ground, and had expressed some doubts about the need for the DOD to comment on a matter he regarded as the primary responsibility of the AEC.

Mr. Strauss commented that the Department of State had by letter endorsed AEC's proposed action and he questioned DOD's reluctance to comment.
