c. Classification of IVY Film

Mr. Strauss reviewed plans for the declassification of an IVY film to OFFICIAL USE ONLY for an early showing to a group of mayors. He stated that he expected requests for early showings of this revised version by Civil Defense authorities and desired MLC comment as to whether the film should be released to the public at this time.

General Luedecke stated that the film, even in the new version, is such that yield, fireball size, crater size, etc., can be determined, and that without a decision to declassify the yield, release of the film would be in violation of the joint classification guide.

Mr. Strauss then asked that the film be again reviewed from a classification standpoint.
